

EUROPEAN  
BRAIN  
BARRIERS  
MEETING

# 27<sup>th</sup> European Brain Barriers Meeting

“Advances and Controversies in Brain Barriers Research”

Bern, Switzerland, September 8<sup>th</sup>-10<sup>th</sup>, 2025

## Keynote Speakers:

**Matthew Campbell** (*Trinity College Dublin, Ireland*)

“Translational BBB research: From bench to bedside and back again”

**Irena Loryan** (*Uppsala University, Sweden*)

“Measuring the invisible: navigating the complexities and controversies of CNS/PNS exposure assessment”

## Five Science Sessions:

Role of brain barriers in CNS immunity  
Fluid exchange across brain barriers  
Advancing *in vitro* brain barrier models  
New concepts in brain barrier biology  
Role of brain barriers in CNS diseases

## Educational Satellite Symposium:

**Stefan Liebner** (*University Frankfurt/Main, Germany*)

**Christer Betsholtz** (*Uppsala University, Sweden*)

**Roos Vandenbroucke** (*Ghent University, Belgium*)

**Lydia Sorokin** (*University of Münster, Germany*)
